The Ford Small Block is a series of automobile V8 engines built by the Ford Motor Company beginning in July 1961. The engine was discontinued in new trucks after 1996, and new SUVs after 2001, but remains available for purchase from Ford Performance Parts as a crate engine. Although sometimes called the "Windsor" family by enthusiasts, Ford itself never named the engine family; the designation was only adopted to distinguish the 351 cu in version from the Cleveland 335-family engine that had the
