virtually bed bug free. Bed bug infestations had become so rare that many entomologists and pest management professionals had never seen a live specimen, and bed bugs were no longer considered a public health threat. This was due primarily to improved living standards and widespread use of insecticides like DDT.

Then, take a piece of paper and roll into a funnel. Place funnel in the glass. The fruit flies will be attracted to the apple cider vinegar and will almost immediately make their way over to the glass, inside the funnel, and stuck in the vinegar. It won't be long until your fruit fly problems are gone! Tips like this and so many more can be found in Dr. Bader's "Natural Solutions To Things That Bug You."
