Josephine McMaster is pretty and smart, but very much a klutzy mess. Finally, at 26, she may have actually lost the dreaded 'McMaster the Disaster' nickname that has followed her around her whole life. Josie's quite content to be single, much to her mother's disappointment.

### **The Wedding Wager by Cathy Maxwell - Goodreads**

I just finished the last of the McMaster the Disaster trilogy. In this novel we find Josie and Jake planning their wedding. There are a few hiccups along the way involving Mattie and her mother fighting over who is planning the wedding, Josie having paparazzi troubles, and as always a little trouble with Jake. I rated this one a 3.25 stars.

Ms. Maxwell never disappoints. Pick up one of her books and you get great characterization, pacing, and plot, and The Wedding Wager was no different. This story was a change of pace in that there was no hero of the nobility in this regency read, but rather a working man, i.e. a horse breeder. A delightful read.
